

INTRODUCTION PACK

Start every job on the same page.

How TradeResolve works, with simple step-by-step guides for customers and for tradespeople.

traderesolve.co.uk

WELCOME

Fair to the customer. Fair to the tradesperson.

TradeResolve puts every building job on a fair footing from day one. Before work starts, the customer and the tradesperson sign one simple agreement. As the job goes on, everything is recorded in a shared job file. And if something goes wrong, there is a clear, fair way to sort it out, with an independent Master Assessor if needed.

We don't take sides. We work for what's right.

How to use this pack

Each section is colour-coded, so you can go straight to the pages that are for you.

Navy pages
For customers having work done

Red pages
For tradespeople doing the work

Gold pages
For everyone

FOR EVERYONE

- How it works and what it costs 3
- Customers: protect your job 6
- Customers: your job file 7
- Customers: changes, problems and Master Assessors 8

- Tradespeople: Registered, promotion kit and ID card 14
- Tradespeople: the TradeResolve Directory 15
- Tradespeople: Founding Trade and Master Assessors 16
- Refer and earn 17
- Help, links and contact 18

HOW IT WORKS

Four simple stages

Most jobs never go past stage 1. That's the point.

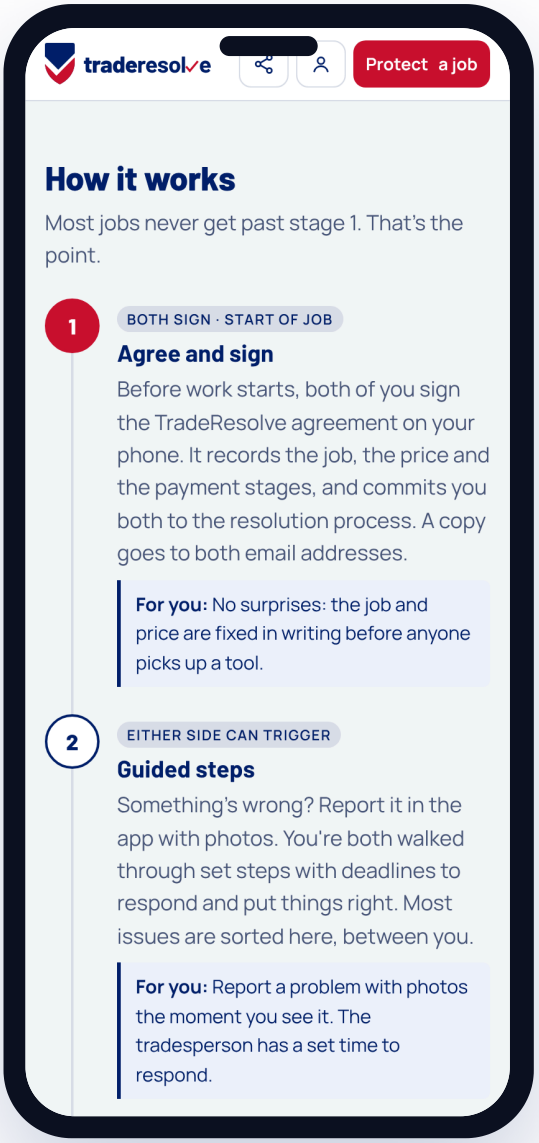

1 **Agree**
Before work starts, you both sign one Unified Agreement: the job, the price, the payment stages and the dates. Fill it in together on one phone, or one of you starts it and we email the other a secure link.

2 **Record**
You both get a private, shared job file. Post updates, photos and videos as the job goes on. Nothing can be edited or deleted afterwards, so the record stays true.

3 **Change, together**
If plans change, either of you adds the change and its cost. It only becomes part of the agreement once you have both ticked to agree.

4 **Resolve**
If something isn't right, press "Raise an issue". You both follow clear, guided steps with 7 days to respond at each one. Still stuck? An independent Master Assessor can visit.

Not insurance, not a guarantee. TradeResolve is a fair, agreed process that you both sign up to before work starts. It doesn't affect your statutory rights.

The "How it works" section on traderesolve.co.uk

PRICING

One flat fee per job

The fee is based on the agreed price of the job, and it is paid once, when you both sign.

Up to £5,000	£5,001 to £15,000	£15,001 to £40,000	£40,001 to £100,000
£49	**£99**	**£179**	**£299**

Jobs over £100,000 are priced individually: email hello@traderesolve.co.uk.

Who pays?

You decide together when you sign: the customer pays, the tradesperson pays, or you split it 50/50, each paying your half with your own card. Payments are taken securely by Stripe.

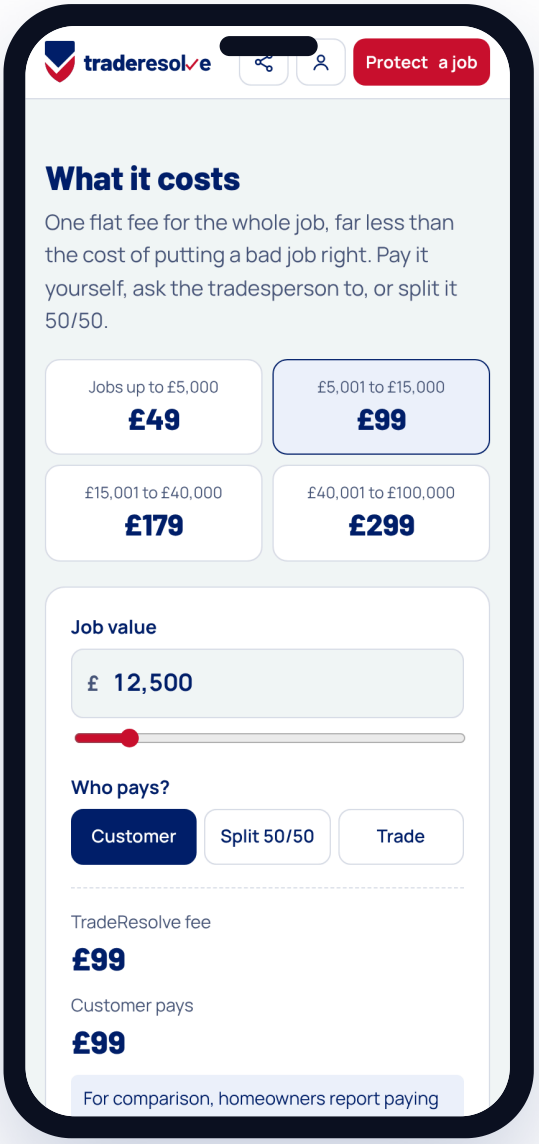

What the fee covers

- The signed Unified Agreement
- A shared, private job file for the whole job
- A Certificate of Protection for each of you
- Guidance from TradeResolve through the resolution pathway

Master Assessor visit: £265

Only if it's ever needed. An experienced, independent tradesperson inspects the work on site and writes a Findings Report for you both. Whoever asks for the visit pays. If the findings go against the other person, they repay the £265.

Try the calculator on the website to see the fee for your job: **traderesolve.co.uk**, then "What it costs".

The fee calculator on the website

FOR EVERYONE

FOR CUSTOMERS

Peace of mind for your home.

Pages 6 to 10 are for customers: protecting your job, your job file, changes and problems, checking a trader and your certificate.

FOR CUSTOMERS

Protect your job

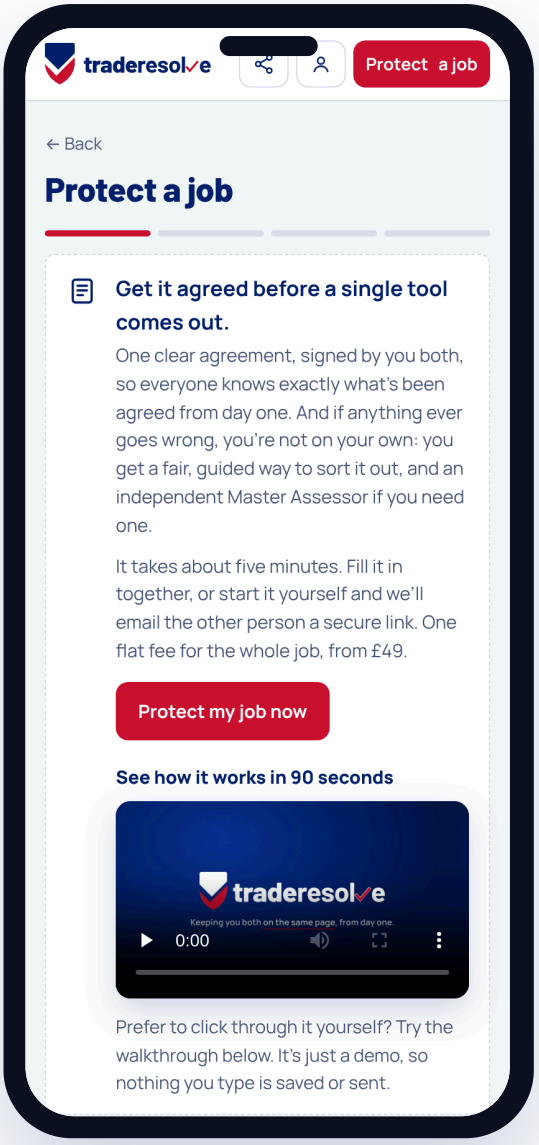

It takes about five minutes, and the best time to do it is before any work starts.

1. **Go to traderesolve.co.uk**
   Tap **Protect a job** (or "Protect my job now").
2. **Choose how to fill it in**
   Together with your tradesperson on one phone or computer, or start it yourself and we'll email them a secure link.
3. **Describe the job**
   What's being done, the address, the total price and the payment stages, for example a deposit, a payment when units are fitted and a final payment on completion. You can attach the quote.
4. **Add your details and sign**
   Your name, email and mobile, then sign on screen.
5. **Pay the fee**
   Your share, by card. If you're splitting it, the tradesperson pays their half with their own card.
6. **You're protected**
   Once you have both signed and the fee is paid, you both receive the signed agreement, your Certificate of Protection and a private link to your job file.

Tip: agree payment stages that match finished work. Never pay the full price upfront.

"Protect a job" on the website

FOR CUSTOMERS

Your job file

Your private record of the job, shared only with your tradesperson. Open it from the link in your email.

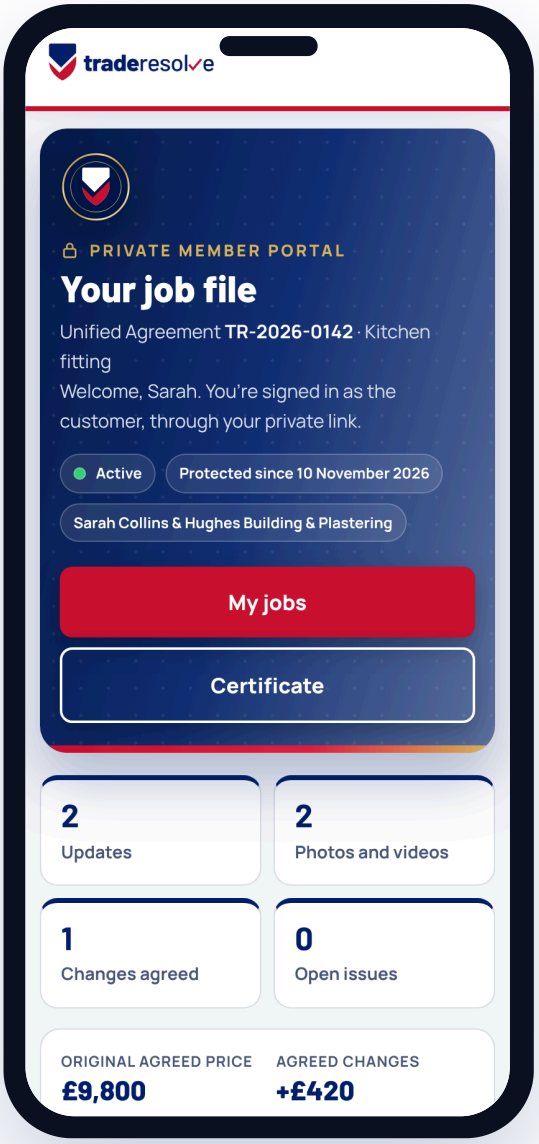

What you can do

- **Post an update**: a note about how things are going.
- **Upload photos and videos**: before, during and after. Everything is dated.
- **Propose a change**: if you want something extra or different, add it with its cost. It only counts once you both tick to agree.
- **Raise an issue**: if something isn't right. See the next page.
- **Details**: the agreement, the payment stages, your certificate and your tradesperson's contact details.

Keep it on your phone

Open your job file on your phone and choose "Add to Home Screen". It then works like an app, with tabs for My jobs, Timeline, Add, Photos and Details.

Lost your link? Go to **traderesolve.co.uk/job**, enter your reference and email, and we'll send it again.

A customer's job file (sample)

FOR CUSTOMERS

Changes and problems

Most disagreements are about extras or about what was agreed. TradeResolve keeps both clear.

Agreeing a change

1. **Either of you proposes it**
   In the job file, tap Add, then Propose a change. Describe it and enter the cost (0 if there's no extra cost).
2. **The other person ticks to agree**
   Or declines. Only agreed changes join the agreement.
3. **The job value updates**
   Your job file shows the original price, agreed changes and the new total.

If something goes wrong

1. **Raise an issue**
   Tap Raise an issue in your job file and explain what's wrong, with photos.
2. **Follow the guided steps**
   TradeResolve gets a full job report. The other person has 7 days to respond at each step.
3. **Still stuck? Ask for a Master Assessor**
   An independent tradesperson with at least 10 years' experience visits, inspects the work and writes a Findings Report for you both, at the same time.

Master Assessors on the website

If it goes further, we prepare a TradeResolve Evidence Document: an unbiased, factual record either of you can use in a small claims application or other proceedings.

FOR CUSTOMERS

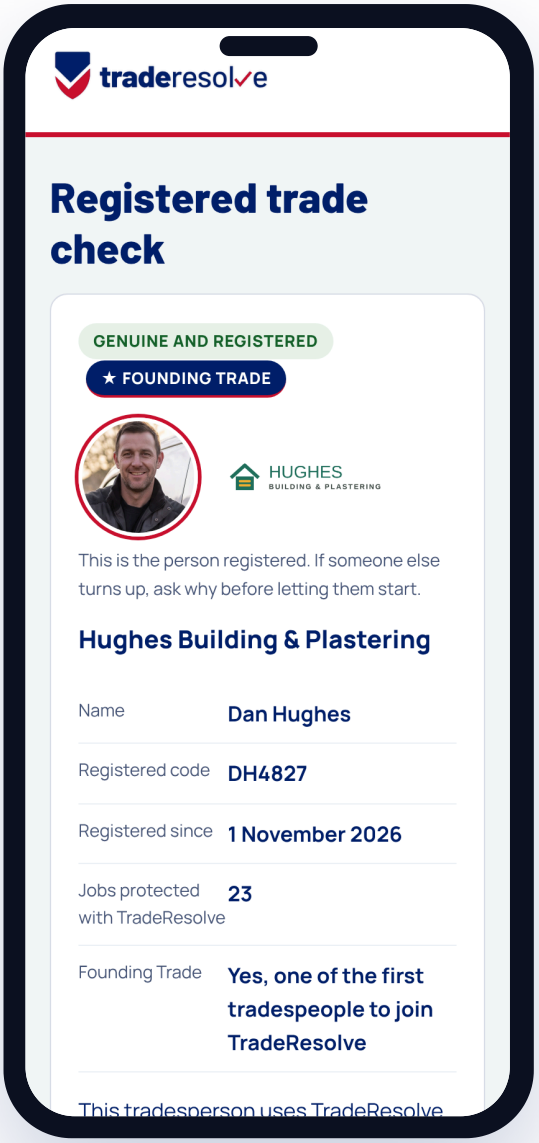

Check a trader

Before you let someone start, check they are who they say they are.

1. **Look for the QR code**
   On their ID card, van, quote, website or social media.
2. **Scan it with your phone camera**
   Or go to **traderesolve.co.uk**, find "Check a trade's code" and type the code in.
3. **Check the person matches**
   The page shows their photo, business, registered code, when they joined and how many jobs they've protected with TradeResolve.
4. **If it doesn't check out, don't open the door**
   A genuine trade will be happy for you to check.

A TradeResolve Registered Trade ID card

What you see when you scan

Try it now: scan a demo at **traderesolve.co.uk/r/DH4827** (Dan Hughes, a sample trader).

Watch: the ID check in action

FOR CUSTOMERS

Your Certificate of Protection

Every protected job comes with a certificate for the customer and one for the tradesperson.

Open or download yours from your job file. Anyone can scan its QR code to check it's genuine.

Top tips before you hire

- ✓ Ask to see recent work, and speak to a past customer.
- ✓ Ask exactly what the price includes, and what would cost extra.
- ✓ Agree payment stages tied to finished work.
- ✓ Agree how changes and extras will be priced and agreed.
- ✓ Take dated photos before, during and after.
- ✓ Ask what happens if you disagree. If there's no answer, that's your answer.

traderesolve

FOR TRADESPEOPLE

Get paid fairly. Win more work.

Pages 12 to 16 are for tradespeople: starting agreements, getting extras paid for, your promotion kit, ID card and Directory listing.

FOR TRADESPEOPLE

Why it pays, and how to start

You take pride in your work. TradeResolve makes sure the job, the price and every extra are agreed in writing, so you get paid fairly and customers trust you from the start.

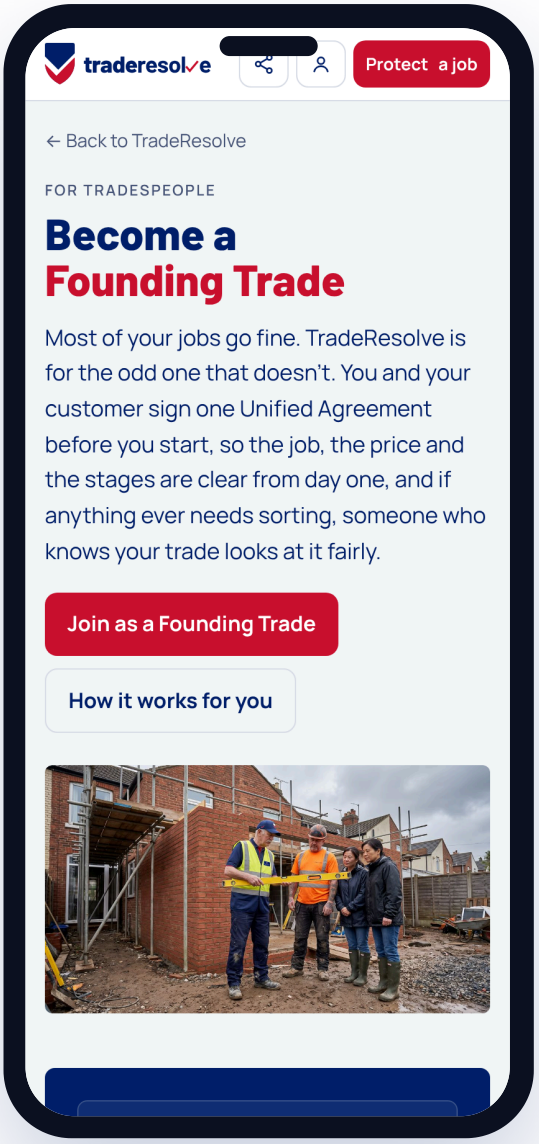

- ✓ Extras get agreed, and paid for
- ✓ A clear process if a payment is held back
- ✓ An independent Master Assessor who knows the trade. We don't side with the customer.
- ✓ A free promotion kit and a public check page

Start an agreement with a customer

1. **Go to traderesolve.co.uk and tap Protect a job**
   Do it together with your customer on one device, or start it yourself and we'll email them a secure link.
2. **Enter the job, price and stages**
   Be specific about what is and isn't included. Attach your quote.
3. **Choose who pays the fee**
   You, the customer, or split 50/50.
4. **Sign and pay your share**
   When you're both signed and paid, the agreement is active.

The tradespeople pages on the website

FOR TRADESPEOPLE

Your job file, extras and getting paid

The same job file your customer sees, so you're always looking at the same facts.

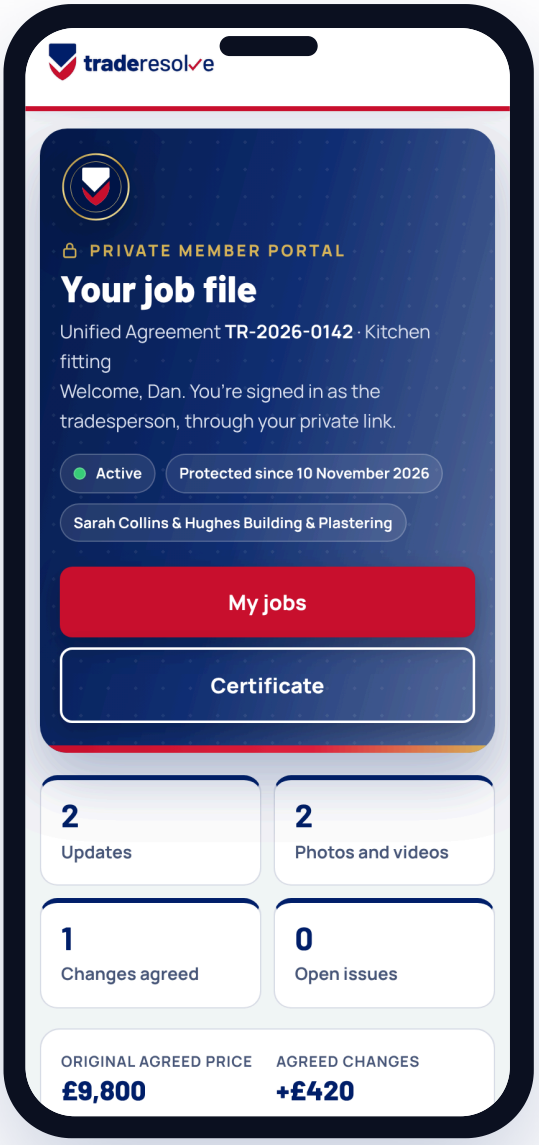

Every day on the job

- ✓ **Post updates and photos** as you go. It protects you as much as the customer.
- ✓ **Log every extra as a change**, with its cost, before you do it. It only counts once you've both ticked to agree.
- ✓ **Check the job value**: original price, agreed changes and the new total.

If a payment is held back

1. **Raise an issue**
   Explain what's owed and why, with photos of the finished work.
2. **Follow the guided steps**
   The customer has 7 days to respond at each step.
3. **Ask for a Master Assessor**
   The work is judged against what you both agreed, not against who shouts loudest.

Top-ups: if agreed changes push the job into a higher fee band, the job file shows a small top-up so the whole job stays protected.

A tradesperson's job file (sample)

FOR TRADESPEOPLE

Registered, promotion kit and ID card

Once you've protected a job you're TradeResolve Registered, with your own code and a free promotion kit.

1 Open your kit
From your job file, tap Open my kit.

2 Accept the Registered Trade Code
Use the artwork honestly, and keep your agreements.

3 Download your artwork
Social posts and banners, an email footer, a badge, round van sticker, rear window strip and van panel, all with your own QR code.

4 Your ID card
Your photo, business, code and QR, so customers can check you at the door.

FOR TRADESPEOPLE

The TradeResolve Directory

Be found by customers who want a fair trade. Launching soon, and registration is open now.

1. **Go to traderesolve.co.uk/directory**
   Tap Register your business.
2. **Add your details**
   Name, business, trades, base town or postcode and how far you travel, how you price, public liability, and your social and website links.
3. **Make the pledge**
   Tick the fair-work pledge and agree to your contact details being shown, so customers can call you directly.
4. **We review and list you**
   You'll get an email when you're live. Registered trades show the TradeResolve Registered badge.

Free to register. Early registrations are listed first in their area when the Directory launches.

How customers search

FOR TRADESPEOPLE

Founding Trade and Master Assessors

Become a Founding Trade

Be one of the first in your area to show customers you work fairly. Founding Trades get the Founding Trade mark on their check page, ID card and Directory listing.

Joining doesn't buy favour. It shows you're willing to put it in writing.

traderesolve.co.uk then "Become a Founding Trade".

Become a Master Assessor

Decades on the tools? We're recruiting experienced tradespeople, many retired or semi-retired, to inspect disputed work fairly and write a clear Findings Report for both sides.

- ✓ At least 10 years in your trade
- ✓ Paid per visit, plus mileage
- ✓ Anywhere in England. You choose the jobs you take.

Apply at
agree.traderesolve.co.uk/assessor

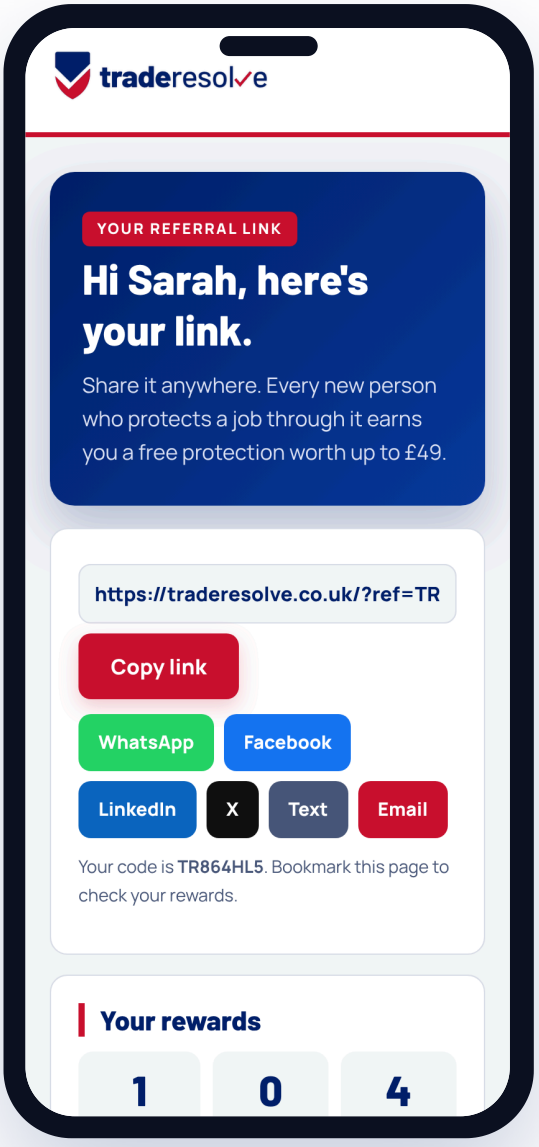

REFER AND EARN

Share TradeResolve. Get your next job protected free.

You don't need to be a customer yet. Anyone can join.

1. **Get your link**
   Go to **traderesolve.co.uk/refer**, enter your name and email, and we'll email your personal link. Customers also find it in their job file.
2. **Share it**
   With friends, family, customers or other trades, using the WhatsApp, Facebook, text and email buttons.
3. **Earn a free protection**
   When someone new protects a job through your link, you earn a free protection worth up to £49.
4. **Use it on your next job**
   Protect a job with the same email and pay some or all of the fee. Once it's active, we refund up to £49 to your card automatically.

Up to 5 a year. Each free protection lasts 12 months. You can't earn from a job you're part of. Terms apply.
